

Ramset[®]
DRIVING JOBSITE SPEED

T3 MAG

DRYWALL

INCREASE YOUR RANGE WITH
**OVERHEAD
POWER**

Fingertip Balanced
Ergonomically balanced for less operator fatigue.

Battery Rest Position
Turn off the tool without fully removing the battery.

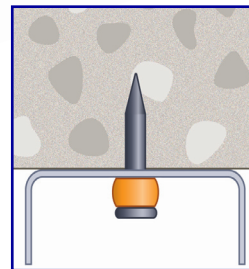

One-step Fuel System
Simply insert the fuel cell and firmly click it into place.

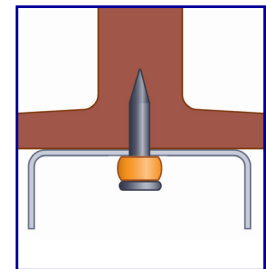

Powerful New Features

The Ramset T3 fastens into hard concrete and steel with ease using these engineered features:

- Higher stick rate (.125 diameter pin)
- 25% more power
- Easy push down force
- Deep leg track capability
- 45-pin magazine capacity
- Newly designed fitted dust shield
- Battery charger provides constant charging even with voltage drops

The combination of the larger and 25% more power of the T3MAG have improved success in tough aggregate.

With the T3MAG 1/2" steel pin you can even shoot into the web of steel.

Fuel/Pin Packs

Part No.	Description	Box Qty.	Master Carton Qty.
T3012	1/2" steel pin w/T3FUEL	1000 fasteners	5 boxes (5000)
